Rework Systems / Pre-Heat Systems

#1

115V Dragon Pre-Heat System
APE-2000-1000-PH 1200W

Part: APE-2000-1000-PH

\$2,995.00

In stock

DESCRIPTION

The Dragon Preheat System (110V US) a Digital Closed-Loop Temperature Controlled Bottom Heater for use with the Chipmaster. Includes a self-contained blower unit for constant low-velocity, high-volume air flow. Temperature may be directly focused using standard nozzles, which are interchangeable. The system is fully guarded throughout the length of the...

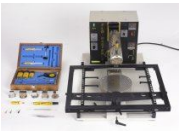

KEY SPECIFICATIONS

Power 1200 Watts; Current 10.90 Amp @ 110V; Dimension 14" x 8" x 12" (203 x 180 x 305 mm); PCB Holder Standard 8" x 8" (203 x 203 mm); 8100-0000-44 0.80" x 0.80" (20.3 x 20.3 mm); 8100-1424 0.71" x 0.40" (18.0 x 10.2 mm); 8100-1075 1.00" x 0.75" (25.4 x 19.0 mm); Temperature Selectable Fahrenheit or Celsius

#2

120V Flo-Master-ZP SMD-5000-Z with 7"
Panel Preheat Z-AXIS

Part: APE-5000-2000-ZP

\$14,924.30

In stock

DESCRIPTION

The Flo-Master SMD-5000-ZP system is a reliable SMT Component PCB rework and repair system, suitable for small to medium PCB assemblies, BGA and SMT components, requiring Profile Temperature Control. Wide Ranging The Flo-Master SMD-5000-ZP PCB repair system covers a wide range of SMT components providing a controlled PCB rework environment, which cares for...

KEY SPECIFICATIONS

Lead Free Rework; The Flo-Master features an APE 1200W Bottom Heater for Lead Free rework and repair.; The following micro sections indicate the superior quality of a solder junction when operating at Low Temperature using the Flo-Master.; Power 1200 Watts; Current 16.36 Amp @ 110V, 10.9 Amp @ 220V; Dimension 22.25" x 9.25" x...

Rework Systems / Vision Assisted Rework Stations

#5

Bandit Split Vision Rework System 120V
Part# 7500-1500

Part: 7500-1500

Not listed

In stock

DESCRIPTION

The Bandit (110V) is a simple to operate, Vision Placement rework machines that includes a Temperature Profile Controller. Machines may be configured as a single Top Heater reflow system or with an integrated Bottom Heater. The Bandit series is designed for flexibility and for a budget conscious user not requiring the sophistication of more complex...

KEY SPECIFICATIONS

The Bandit 110V machine includes a manual component placement arm with a final precision touch-down stage. The Bandit series is designed for board sizes up to 14" x 16"; Power Top Heater 110V 1200 Watts; Power Bottom Heater 1200 Watts; Current 18 Amps @ 120V; Dimension 21.75" x 29.12" (552 x 740 mm); Standard Board HolderFrame...

Rework Systems / Multi-System Packages

#13

Chipmaster-Z Axis 110V Radiant
RAD-6000-Z for Large PCB's and SMT
Components Part# 8000-0009-Z

Part: 8000-0009-Z

\$9,495.00

In stock

DESCRIPTION

Stop Board Warp Dead in its Tracks? The Chipmaster-Z Axis Radiant System will rework larger SMT boards and larger chips, or high metal content PCBs requiring additional heat distribution. Rework Larger PCBs Safely A common problem in reworking larger SMT circuit boards, typically greater than 10" x 12" (254 x 305 mm), is warp during the local heating...

KEY SPECIFICATIONS

High Energy, Low Temperature Operation; Radiant Chipmaster Z-Axis System 110V 60 Hz CSA; Radiant Chipmaster Z-Axis System 220V 50 Hz CE; Radiant Preheater 12" x 12" (305 x 305 mm); Halogen Light 110V

#16

Chipper SMD-500 110V Part# 4000-1000

Part: 4000-1000

\$2,995.00

In stock

DESCRIPTION

The Chipper SMD-500 is an affordable, integrated system for SMT component PCB rework and repair. Replace older "Contact" rework tools with the latest Low Temperature PCB rework technology for reworking SMT components without damage. One-button programming makes setting a temp a breeze. Hands-free foot pedal operation allows the tech to make adjustments...

KEY SPECIFICATIONS

Lead Free Rework; For Lead Free rework and repair, the Chipper can be used with an APE Bottom Heater featured on page 10.; Power 1200 Watts; Current 10.90 Amp @ 110V, 5.45 Amp @ 220V; Dimension 14" x 8" x 12" (203 x 180 x 305 mm); PCB Holder Standard 8" x 8" (203 x 203 mm); Nozzles included:(User may select alternatives)...

#20

EX-680 Digital Desoldering Station Pneumatic 110VAC Part# 0680-0000

Part: 0680-0000

\$963.69

In stock

DESCRIPTION

Overview The ideal desoldering station for sensitive electronic circuits. Features a three-digit LED readout displaying temperature setting and reading, and an operator lockout system. Continuous vacuum is achieved through an in-house air supply filtered and regulated from 60-120 psi and PNEU-VAC foot pedal activating a venturi system for an instant vacuum...

KEY SPECIFICATIONS

Power supply with digital temperature control & single holder with wet and dry wipe cleaning station.; 115 vac, 50/60 Hz 35W; (15.24 cm L x 12.70 cm W x 6.985 cm H)

DESCRIPTION

No-Clean Rework Flux Paste - 10cc Syringe This no-clean rework flux paste is engineered for precision PCB repair, rework, and assembly applications. The tacky gel formulation delivers excellent wetting performance on all common solderable surfaces, promoting smooth, reliable solder joints while helping to reduce bridging, voids, and other soldering defects...

KEY SPECIFICATIONS

No-Clean Rework Flux Paste - 10cc Syringe; Key Features & Benefits:; Package: 10cc syringe for accurate, controlled dispensing; Compatibility: Lead-free and tin-lead solder alloys; RoHS compliant (if applicable); 10x 10cc Syringe

Rework Flux Paste No-Clean Motorola 10cc Syringe 4pk Part# 6680333E71
Part: 6680333E71
\$136.50
In stock

DESCRIPTION
No-Clean Rework Flux Paste - 10cc Syringe This no-clean rework flux paste is engineered for precision PCB repair, rework, and assembly applications. The tacky gel formulation delivers excellent wetting performance on all common solderable surfaces, promoting smooth, reliable solder joints while helping to reduce bridging, voids, and other soldering defects...

KEY SPECIFICATIONS
No-Clean Rework Flux Paste - 10cc Syringe; Key Features & Benefits:; Package: 10cc syringe for accurate, controlled dispensing; Compatibility: Lead-free and tin-lead solder alloys; RoHS compliant (if applicable); 1x 10cc Syringe; Motorola Part Number: 6680333E71 Rework Flux 10cc Syringe 4pack
